

CMCC offers islanders the opportunity to get the car of their dreams with 0% financing!

Officers of the Caribbean Mercantile Bank, and their Credit Company division, along with every car dealership on the island gathered in the lounge of the Tierra del Sol Country Club and Golf Course on Monday evening to launch their 2005 car campaign.

Announcing their "sales gimmick" for 2005 was Elvin Geerman General Manager of the CMBCC, and Javier Wolter, Manager of CMB. In past years they have "flipped" the 9% interest to 6%, or cut it in half, and this year they offer individuals wishing to purchase a new car five years of financing at 9%, but the third year the customers will pay 0% interest, so they will "skip" a year. New car buyers will get a five-year car loan, but they will only pay four years of interest.

Joining the CMCC staff on Monday were all the car dealerships that are cooperating in this program. This includes, Garage Central, Garage Cordia, Stern Motors, R.E. Yrausquin & Sons, Top Car, Arucar, Ultimate Automobiles, (BMW!) Big Twin, (now you can get that Harley you've always dreamed of!) George's, and Jossy Motors. It would appear that whatever car is one's fantasy, it will be available during this gala sales event, taking place on Sunday, October 30, and occupying the road in front of the stretch of car dealership showrooms adjacent to the CMB bank on L.G. Smith Boulevard. That will be the day to look over all the models of every maker and get the best deal for a new car. The event begins at 9:00 am, so best get their early to insure you get the car of your choice, with excellent financing conditions through the Caribbean Mercantile Credit Company!
